To Whom It May Concern

Dear Sir/Madam:

Nasco Aircraft Brake Inc. (Nasco) has been associated with FL Technics and its preceding companies for ten (10) years supplying aircraft brake replacement parts for the repair and overhaul of aircraft brakes.

Nasco has found FL Technics proficient in its maintenance, engineering and workshop disciplines with its facility staffed by experienced workshop and office personnel.

In addition, when discussing the aircraft brake overhauls conducted by FL Technics with some of its airline customers there are always complimentary comments concerning the quality of work and the high level of customer service provided by FL Technics.

Best regards,

Yours sincerely,
